Dual camera straps for photographers are custom-made from the high-quality leather - plant-based tanned cowhide. All leather elements are carefully proofed and impregnated. The edges of the dual camera straps are rounded off, curved and polished. Metal elements are strong D-rings, buckles and stainless snap hooks. Due to its special design, the dual camera straps relieve the neck and the entire spine - photographers know how the back can get tired after a few or even several hours of shooting. Thanks to the dual camera straps for photographers, you will wake up in the morning without pain. Dual camera straps are custom-made for a given person, according to their measurements.

Hi, this is Snap Albums!
We are passionate about creating beautiful products. We source only the best natural linens, thick velvets, and imported Italian leathers.
Our products are crafted by hand paying attention to the small details and finished with simple yet timeless personalisations.
We are not a big "corpo", but a small business - like yours. Let's get to know each other and create great things together!
Come to our stand! We will be happy to talk and present a special trade fair offer!
See you there!

Sony Europe B.V. (Sp. z o.o.) Oddział w Polsce

Over the past few years, Sony has been innovating in the field of photographic and video equipment, while at the same time setting trends, with solutions for creators leading from full-frame cameras to vlogging line to lenses. New features have been introduced, such as the single mount system, which, thanks to the use of a unified mechanism, connects all creators and the entire portfolio of Sony cameras and camcorders. At this year's Film Video Foto fair, you will be able to test all the latest models of cameras and camcorders, such as Alpha 7r V or Cinema Line FX-30, including this year's premiere for vlogging ZV-E1. The fair will be a unique opportunity to test the equipment, as well as to listen to interesting lectures. This year, Michał Szmagor, Maciej Czarnecki and Marcin Kuciński will tell you more about Sony products. For additional information and details, please visit the website www.sony.pl/alphauniverse
